Profile

Computer engineer, dynamic, ambitious, rigorous and motivated, with a solid technical background. Possessing an excellent team spirit, self-taught who can absorb new technologies and can communicate clearly and effectively. Having finalized my end-of-study project in France, I am currently looking for a company that will trust me by allowing me to pursue my professional career.

Projects

Data mining for predicting film success,
Mots clés : Anaconda , Jupyter , Python
11/2019 – 12/2019

IOT project: smart agriculture, *Mots clés : Bluetooth , android , LoRaWan , NodeRed , STM32*
11/2019 – 12/2019
Detect temperature, pressure and humidity to reorient farming systems in order to improve them

Implementation of a BigData architecture: Lambda architecture,
Mots clés : Hadoop , Spark , KafKa,Docker
02/2019 – 04/2019

Establishment of an "online library" website, *Mots clés : Angular CLI, firebase, Web service, scrum*
10/2018 – 12/2018

Professional experience

Digital Integral, *Final study project: Implementation of a Big Data architecture for the Digital Influence application*
03/2020 – 09/2020 | Paris, France
analysis of Instagram profiles of influencers using the Digital Influence app.
- Collection and storage of influencer data in a data lake.
- Development of an NLP model
- Development of an image classifier
- Calculation of statistics from analyzes to determine the gender, age and center of interest of the community of each influencer.
 Mots clés: Python, Spark, Mongodb …

Digital Integral, *devDelopment of the front-end for the Combles Experts website*
01/2020 – 03/2020 | Paris, France
Complete redesign of the front-end part of the Combles Experts site using the Angular framework.

Digital Integral, *Upgrading the front-end ergonomics for the "fête à crêpe" website*
12/2019 – 02/2020 | Paris, France
use of the Angular framework for the development of the front-end part of the site

YAZAKI, *Data analysis*
07/2019 – 07/2019 | Bizerte, Tunisie
use VBA EXCEL to perform treatments that allow the detection of similar parts

IT Technologies

Data Base ● ● ● ● ○
NO-SQL(mongodb) , SQL

Operating system ● ● ● ● ○
Linux , Windows

Network technology ● ● ● ● ○
cisco packet tracer , NS2 , wireshark , OWASP, PRTG,SSO

Web technology ● ● ● ● ○
Angular, java/JEE

Big Data ● ● ● ● ○
Spark,Kafka,MongoDB,Hive

Others ● ● ● ● ○
Python, Java,C , C++ ,Matlab , STM32, DevOps, Scrum

🌐 Languages
